PENSION AND BOUNTY LAND LAWS.

Being the latest stereotyped edition of the work known by the title of "MAYO & MOULTON'S PENSION AND BOUNTY LAND LAWS," With opinions, decisions, regulations, &c., and additions of recent dates BY ROBERT MAYO, M. D. LUCAS BROTHERS, Baltimore.

"deed" on record.

The subjoined letters in commendation of this work are now hid before the public for the first time, in addition to numerous others already published, from heads of departments and other public officers whose official duties render them particularly conversant with the administration of pension and bounty-land claims: Letter from the Hon. Jacob Broom, chairman of the Committee Revolutionary Pencions.

House of Representatives, United States
Washington, May 19, 18

House of Representatives, United Stayes,
My mean set: I have been pleased to meet with you once more after
the lapse of so many years; and I desire to avail myself of an early
opportunity to aid my thanks to those you must have received from
many others for your labor and care in the compilation of the laws of
the United States relating to pensions and bounty lands, a copy of the
stereotype edition of which I have in my possession.

The subject of pensions is one which has been, and still continues to
be, of interest to the great. American family. The circumstances under which those for revolutionary services were provided are of a
highly interesting character.²
It was never the design of our fathers that the system should be
partial, giving to some while it withholds from others equally deserving. Your arrangement of the laws, therefore, while it presents in detail the provisions made, is at the same time suggestive of those deficiencies and omissions which render the system incomplete.

Your work I have found of incalculable value to me in my position
as chairman of the Committee on Revolutionary Pensions, for, without
it, I should have been subjected to the labor of a close examination of
the statutes; and from the frequency of my recurrence to it I have
been able to test its merit and appreciate its worth.

I am, my dear sir, most respectfully and truly, yours,
Pr. R. Mavo.

Letter from General Cass.

Washington, February 10, 1857.

Dean six: I thank you for the very useful volume you have sent me. I have had time only to glance over it, but I have satisfied myself of its filelity as well as of its value.

Your supplement contains important additions, and brings the pension history and laws to a late period.

The system has become so extensive that some such compilation was indispensable, and I congratulate all who are obliged to look into the subject of those laws upon the able execution of your labors.

I am, dear sir, respectfully yours,

Dr. Robert Mayo.

LEW. CASS.

Letter from the Hon. James C. Allen, chairman of the Committee on Revolutionary Claims House of Representatives, Washington, February 18, 1857.

Washington, February 18, 1857.

Dhar siz: I have the honor to acknowledge the receipt of a copy of the second edition of your work entitled "Pension and Bounty Land Laws," for which you will accept my thanks.

To all who are interested in the subject of pensions and bounty lands, or claims against the government growing out of our revolutionary struggle, yours is a work of the first importance.

In this opinion I have the concurrence of my colleagues in Committee on Revolutionary Claims.

I am, very respectfully, your obedient servant,

In the examination of cases arising under the propriet and the control of the control In the examination of cases arising under the pension and bounty land laws, I have had frequent occasion to refer to this work, and have ever found it accurate and complete. As a complation of the laws upon those subjects, I regard it highly useful both to those administering those laws and the public.

Letter from the Hon. Solomon Foot, United States senator. Washington Cirr, March 13, 1887.

Drag sign: I have had very frequent occasion, both in private investigations and in the Committee on Posisions and on Public Lands, to consult your valuable compilation of the Penelon and Beunty Land Laws, and lave derived great aid from it. Indeed, tregard it as almost indispensable to the intelligent investigation of questions arising under those laws.

The work is deserving of a very liberal patronage; and I hope you may be abundantly rewarded for your labor.

I am, with sentiments of very great respect, your obedient servant, SOLOMON FOOT. Wassengrox Crry, March 13, 1857.
